

Bluetooth Multimedia Mini Speaker
–Uspeaky

User's Manual

Best Audio Companion For Your Mobile, PC, etc.

● Main Functions Of The Touch Panel Keys

- ⏻ Power on/off | MIC on/off | reject a call (only active with bluetooth link)
- 📶 Bluetooth on/off | play/pause | de-pair | switch (only active with bluetooth link)
- 🔊 Volume up | next track (only active with bluetooth link)
- 🔊 Volume down | previous track (only active with bluetooth link)
- ☎ Answer | finish | switch a call (only active with bluetooth link)

● Charging

1. Connect Uspeaky to a powered USB port of your laptop/desktop with the supplied extensible USB cable.
2. Or connect Uspeaky to a mobilephone charger that has a standard USB port.

Tips: Uspeaky State & LED State

Uspeaky State		LED State
Cable connection	Charging when power off	Red
	Charged when power off	No
	Charging when power on & playing	Amber
	Charged when power on & playing	Green
	Playing with no external power supply	Green
Wireless connection	Charging when standby & de-pair & disconnect	Amber
	Charged when standby & de-pair & disconnect	Green
	With no external power supply & standby & de-pair & disconnect	Green
	Charging when standby with bluetooth link	Carmine
	Charged when standby with bluetooth link	Blue
	With no external power supply when standby with bluetooth link	Blue
	Charging when playing via bluetooth or bluetooth is on	Carmine blinks
	Charged when playing via bluetooth or bluetooth is on	Blue blinks
	With no external power supply & when playing via bluetooth or bluetooth is on	Blue blinks

● Power On

When power off, touch and hold the ⏻ key for 3 seconds until you hear a ' ding-dong ' prompt tone. Uspeaky is in power on state with LED light turns on.

● Power Off

When power on, touch and hold the  key for 3 seconds until you hear a 'ding-dong' prompt tone. Uspeaky is in power off state with LED light turns off.

Tips: Please charge Uspeaky in case you can't start up and a full charge takes about 2 hours.

● Play Via Cable - External Power Supply

Pull the mini USB of the supplied cable into Uspeaky's mini USB port, pull the standard USB of the supplied cable into your device's USB port and then pull the $\Phi 3.5\text{mm}$ plug of the supplied cable into your device's audio port. Play music when Uspeaky's power on.

Tips: The advantage of this playing mold is that you can play music while Uspeaky's charging. You can try another playing mold as follows in case you hear the current sound.

● Play Via Cable - Internal Battery Power Supply

Pull the mini USB of the supplied cable into Uspeaky's mini USB port and then pull the $\Phi 3.5\text{mm}$ plug of the supplied cable into your device's audio port (No need to pull the standard USB of the supplied cable into your device's USB port). Play music when Uspeaky's power on.

Tips: The power on and off functions could fail to work even after you touch and hold the  key for 3 seconds when the battery's in a undervoltage state, which can be solved by simply charging Uspeaky.

● Play Via Bluetooth - Internal Battery Or External Power Supply

1. Pairing Via Bluetooth Link

After power on, touch (no need to hold) the  key until you hear a 'di-dudu' prompt tone and the LED will turn blue which indicates Uspeaky is now in a state of being found wirelessly. Then search for Uspeaky from your bluetooth audio devices like mobile phone, PC, etc. Enter code 0000 if required for the first time pairing. After successful pairing, you'll hear a 'di' prompt tone and LED will be in blue blink state.

Tips:

1) No need to enter code 0000 to pair with Uspeaky if your bluetooth audio devices were once paired with it. (Not including de-paired and new bluetooth audio devices).

2) If you can't find Upseaky from your audio devices, try again the above mentioned steps and touch (no need to hold) the  key to resume Upseaky in a state of being found. After successful pairing, select 'sent via bluetooth' to play music or select 'sent via bluetooth HQ audio frequency' if you have.

3) It's not required to enter code 0000 for some of your bluetooth audio devices, and thus you can just pair with Upseaky and play music.

2. Auto Re-pair

After pairing and the auto re-pair function on your bluetooth audio device is on, Upseaky will automatically re-pair to the bluetooth audio device it was most recently paired if the de-pair is not done. After successful pairing, touch (no need to hold) the  key to play music.

Tips: When bluetooth is off, de-paired, or never paired before, auto re-pair function will never work.

3. De-pair

When in standby/play state while bluetooth is on, touch and hold the  key for 3 seconds to de-pair.

4. Turn Off Bluetooth

When in standby/play state while bluetooth is on, touch and hold the  key for 3 seconds to turn off bluetooth.

5. Pause/Play

While playing via bluetooth, touch the  key to pause (no need to hold the key, touch the  key again to resume play (no need to hold the key).

Tips: The multimedia player in some bluetooth audio devices might not support this function.

6. Volume Up/Down (Not Work For 'Play Via Cable' Mode)

While playing via bluetooth, touch (no need to hold) the  key repeatedly to increase volume with a 'du' prompt tone each time until you hear a 'di' prompt tone to reach the maximum volume; touch (no need to hold) the  key repeatedly to decrease volume with a 'du' prompt tone each time until you hear no prompt tone to reach the minimum volume.

7. Next/Previous Track (Not Work For 'Play Via Cable' Mode)

While playing via bluetooth, touch and hold the  key for 3 seconds to select next song; touch and hold the  key for 3 seconds to select previous song (some bluetooth audio devices might not support this function).

● Phone Call Function

1. Answer A Call (Only Active With Bluetooth Link)

Touch (no need to hold) the  key to answer a call.

2. Reject A Call (Only Active With Bluetooth Link)

Touch (no need to hold) the  key to reject a call.

3. Finish A Call (Only Active With Bluetooth Link)

Touch (no need to hold) the  key again to finish a call.

4. Switch a Call Between Uspeaky And Mobile Phone (Only Active With Bluetooth Link)

When making a call through Uspeaky, touch and hold the  key for 3 seconds to switch the call from Uspeaky to your mobile phone; touch and hold the  key again for 3 seconds to switch the call back to Uspeaky (some mobile phones might not support this function).

5. Call Volume

When making a call through Uspeaky, touch (no need to hold) the  key repeatedly to increase volume, touch (no need to hold) the  key repeatedly to increase volume.

Features

Pursuit Of Perfection

1. A portable, environmental, healthy, fashionable patented product
2. Compliant with CE, RoHS, FCC, etc.
3. Very convenient, practical in both cable and wireless use
4. Big volume rechargeable lithium-ion battery, long period duration for standby, play and communication.
5. Full touch panel, small dimension with big power.
6. High quality sound, natural, loud and elegant.
7. Excellent reliability, dust-proof, shock-proof and magnet-proof, etc.
8. Compliant with bluetooth 2.1+EDR, strong anti-interference and high transmission efficiency.
9. Advanced echo cancellation and noise suppression technology ensure HQ communication effect.
10. High stability in performance, sensitive and precise search with quick connection.

Specifications

Pursuit Of Perfection

1. Voltage range: DC 3.0 - 5.5V
2. Max peak power: 3 Watts RMS
3. Frequency range: 120Hz - 18kHz
4. Charging time: 2 to 3 hours
5. Music playing time: 8 to 10 hours (high volume level)
6. Standby time: Up to 1 month
7. Battery type: Lithium-ion polymer battery/3.7V/300mAh*2
8. Operating range: 10 meters (class 2, bluetooth standard)
9. Bluetooth frequency range: 2400 - 2483MHz
10. Dimension: 66*33mm (diameter*height)
11. N.W.: 100g

Packagings & Accessories

Pursuit Of Perfection

1. Uspeaky Bluetooth Speaker: 1 PCS
2. Uspeaky Cable (Combo USB 2.0 Mini/3.5mm Stereo Jack): 1 PCS
3. User's Manual & Warranty Card: 1 PCS
4. Quick Start Guide: 1 PCS

Precautions

Pursuit Of Perfection
